City Council Members and Residents of the City of Washougal:

I am pleased to present the 2011 Approved Budget for the City of Washougal.

Over-all, this budget reflects reductions in operations in response to declining revenue resulting from the economic downturn, including reduced property values. Savings have been achieved by streamlining our expenses.

This budget does, however, include some important investments in the future of our community. It adds \$55,000 into an economic development initiative; creates Equipment Replacement and Repair Funds for both vehicles and technology equipment, and funds a number of desperately needed pieces of equipment in early 2011; purchases a fully equipped Washougal Medical Response Vehicle for the fire department; purchases defibrillator units for the Washougal Schools and city buildings and provides funding for long-term strategic planning for the City.

Additionally, planned capital projects such as E Street, the Zone 4 Reservoir and some other capital expenditures are included, as we continue to seek to improve and update our infrastructure.

All in all the 2011 Budget is a very lean document. It is reflective of some hard work and difficult decisions by department heads, and it also signals some cuts in services. In the end, it only uses \$7,681 of general reserves to make it all work, down from an estimated \$937,269 earlier this year and after trimming the 2010 budget by nearly \$1.2 million.

Respectfully,

Sean Guard
Mayor

Revenue Highlights:

Property tax collections (line 311) will drop in 2011 as a result of declining assessed valuation and voter approved library funding. Utility taxes (line 316) will increase as a result of utility rate increases. Other revenues (line 390) were significantly higher in 2010 because the Fire Fund was accounted as a separate fund and transferred resources to the general fund. These funds have been combined, eliminating the transfer as revenue. Remaining revenues are based upon conservative estimates.

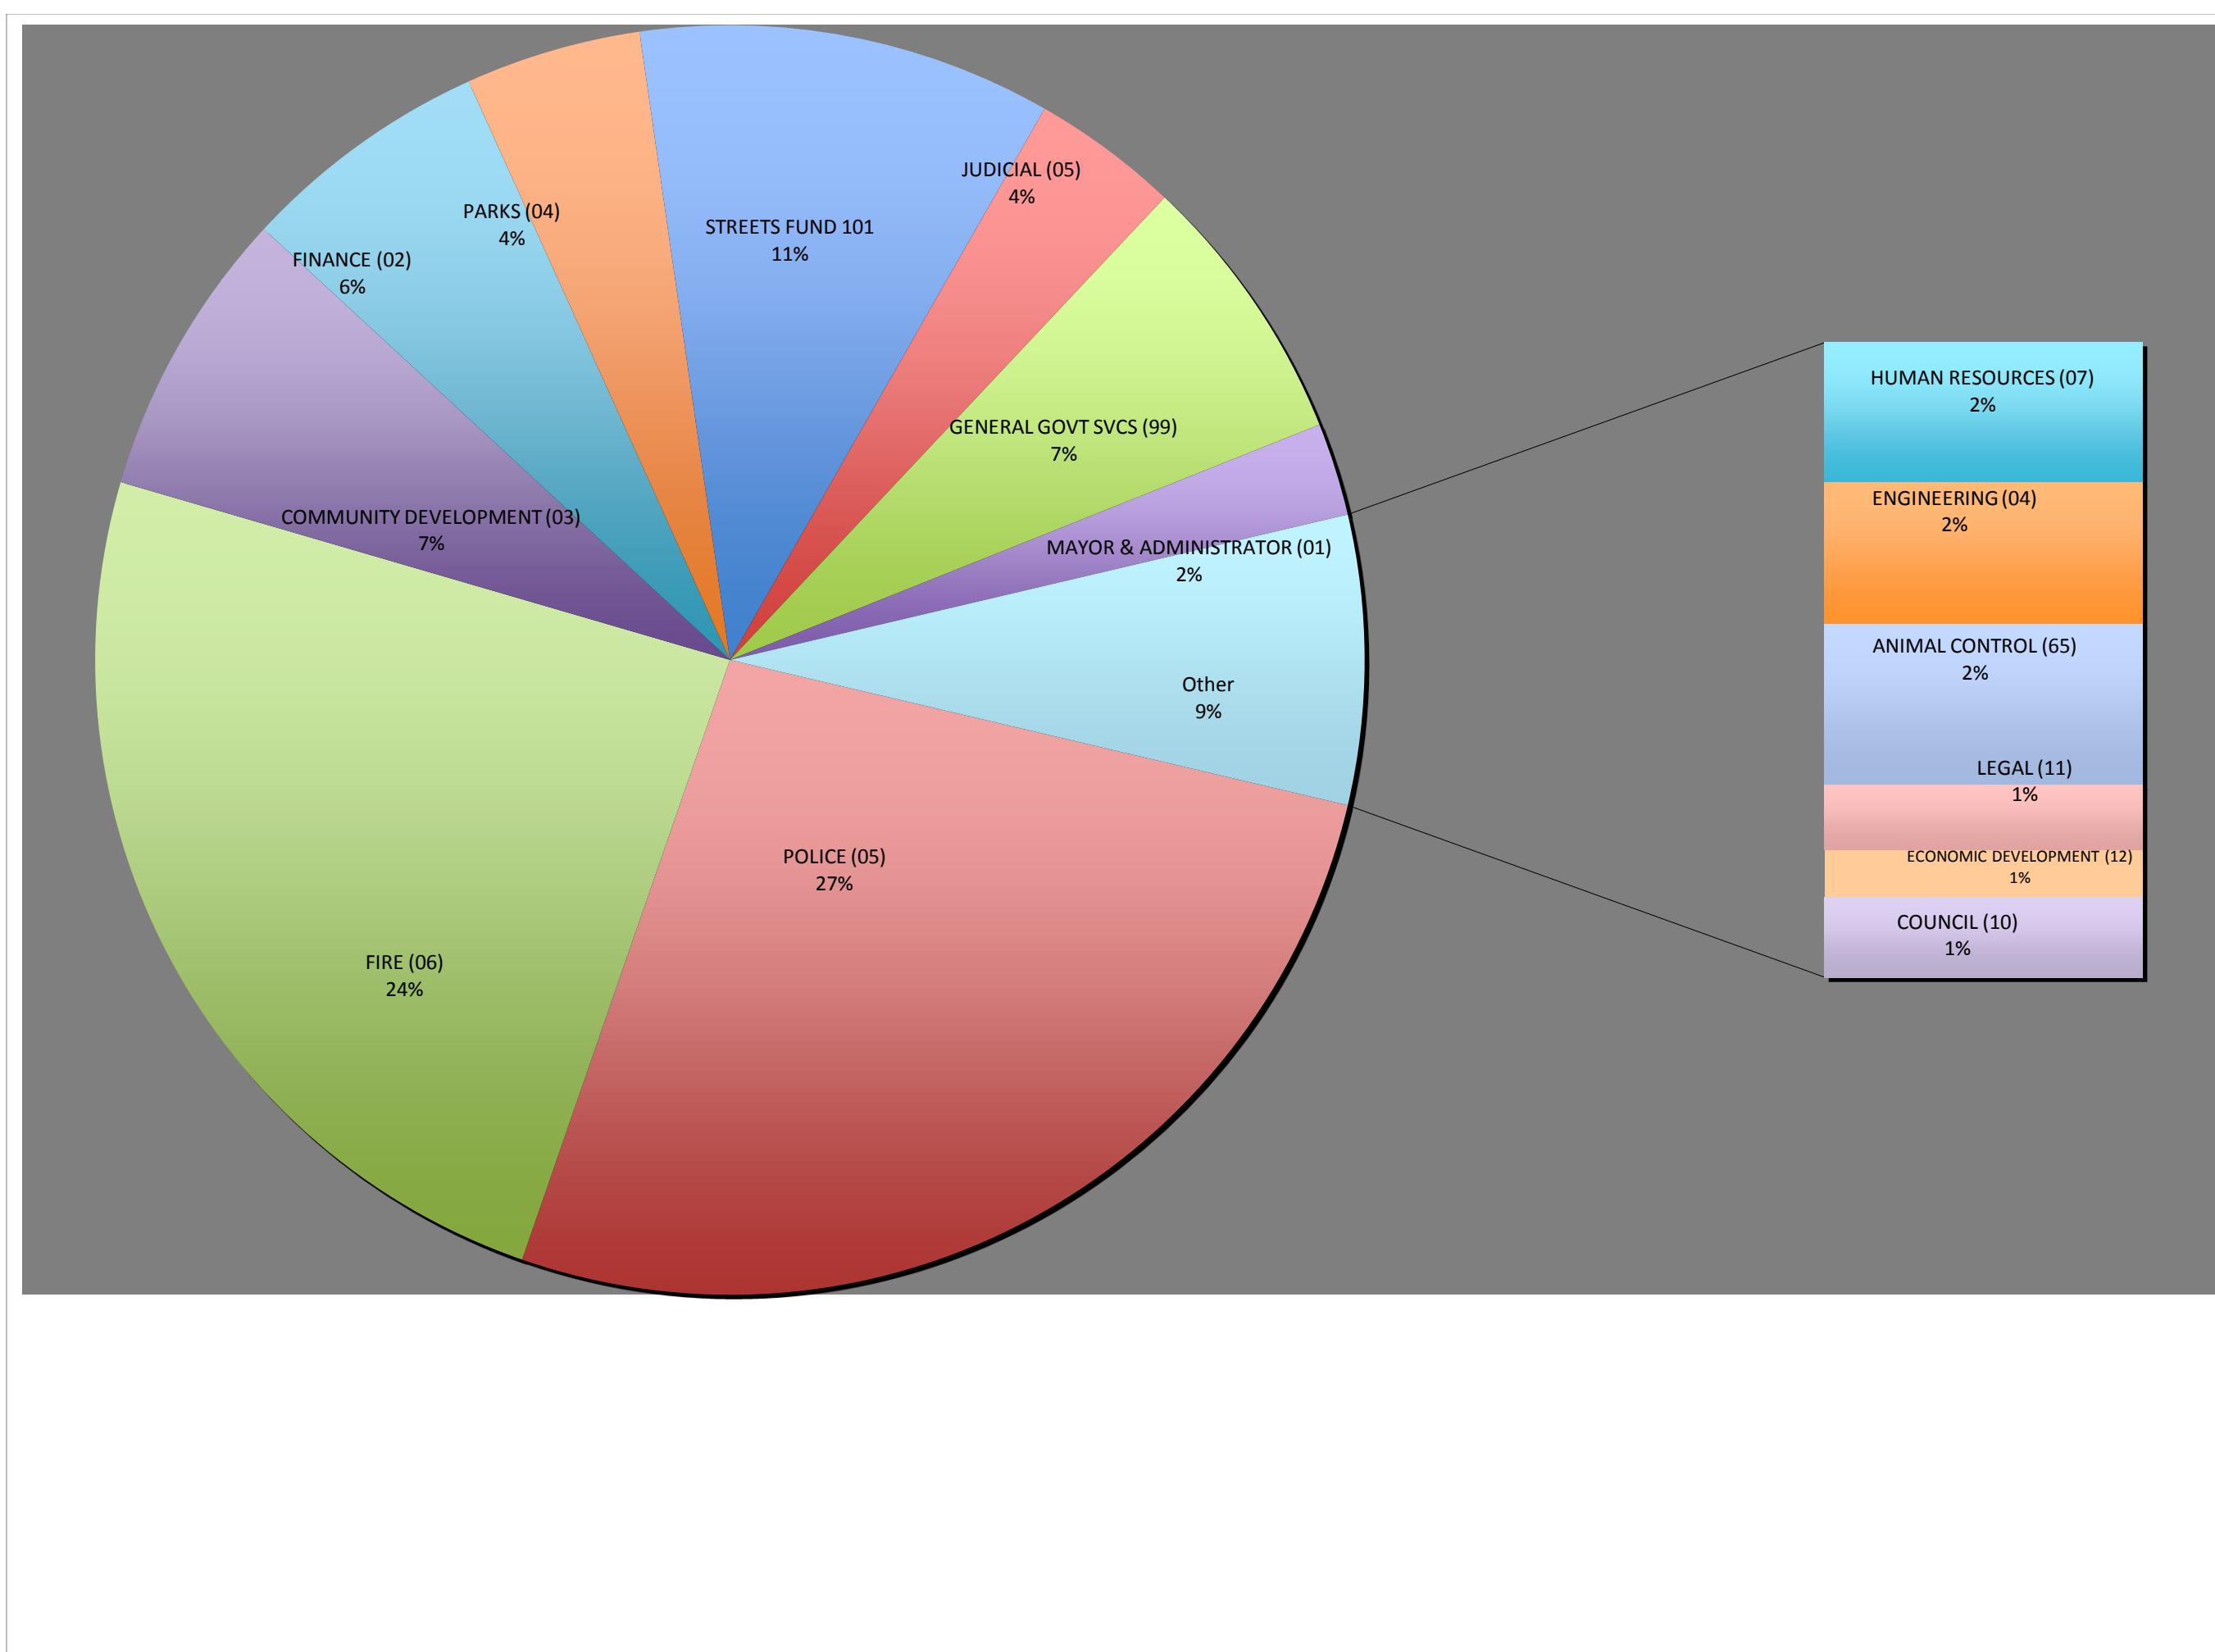

The City has established a reserve policy for its General Fund. The Council has targeted a minimum of two months of expenditure needs, approximately 16% of the proposed budgeted expenditures, as the level to be set aside from the projected revenues to be used as a contingency balance within the General Fund. This balance would not be available for use when appropriating the expenditures. This balance would be held in reserve for possible use as Council may deem appropriate. Possible uses include meeting revenue shortfalls during times of economic downturn, meeting unanticipated expenditure needs, and financing possible emergency situations. For 2011, the General Fund contingency reserve is \$1,732,597

Highlights:

In 2010, the Finance Department operated without a Finance Director until Fall of 2010. This was reflected in a Budget Amendment in 2010 to show that reduction. 2011 Personnel Services increase reflects that position being filled. Professional Services include use of a Financial Consultant, MicroFlex, and for records management.

Highlights:

This Cost Center includes costs associated with software licensing, IT Services, audit costs, and city-wide phone services. New to this Cost Center is a \$50,000 Transfer to the ER&R Funds to help maintain these Funds. There is also a \$600,000 transfer out of cash reserves to the ER&R Funds for Rolling Stock and IT Equipment. There is a transfer of \$55,000 to the Cemetery Department to support the maintenance of the grounds. In past years, a portion of General Fund Property Taxes was directly allocated to the Streets Fund and well as a portion of Electricity Franchise Fees/Transfer Station Franchise Fees. In 2011, that revenue will be directly charged to the General Fund and revenue will be transferred to the Streets Fund as needed.

Highlights:

The police budget reflects a reduction of two FTE officer positions. One position is a vacancy that has not been filled. The second position continues to be shown in the 2011 budget (but is funded at \$0 salary). The final elimination of the position will occur sometime in 2011. An adjustment to officer deployment for enhanced traffic enforcement to increase traffic safety in response to citizen concerns is anticipated to generate additional revenue.

Totals	1.00	0.60	0.60

Highlights:

The 2011 budget includes professional services for a contract engineer to help with general city engineering reviews and standards development. Other engineering costs are recaptured through the development fees collected. In past years the Engineering Technician was part of this cost center. This position has been reclassified as the Construction Inspector. Because this cost center is now managed by the Community Development Director, the other FTEs have been redistributed to the appropriate public works cost centers.

Highlights:

State Shared Revenues/Grants includes our per capita share of the gas tax. In the past, a portion of the General Property Tax, a portion of the Electricity Fees, and the Transfer Station Fees were directly recorded to this fund. These revenue sources are General Fund and not restricted to Streets, it has been determined that a revenue transfer from General Fund to cover the expenditures needed for Streets would be more appropriate.

Highlights:

In prior years, the Street Fund was responsible for stormwater control costs. Starting with the 2010 Budget, stormwater costs are now accounted for in a new Stormwater Utility. The Sidewalk Program, formerly in fund 106, is now located in this fund. Streets has also reduced their FTE by one position for 2011 to fill a position in Stormwater that has been vacant.

Highlights:

The Real Estate Excise Tax is levied on all sales of real estate. The revenue received is limited by state statute as to how it can be spent. The first quarter percent the City charges, tracked in this fund, may be spent on the planning, acquisition, construction, reconstruction, repair, replacement, rehabilitation, or improvement of streets, roads, sidewalks, parks, trails, and bridges. This City has traditionally used the first quarter percent of this REET revenues for the development of parks and roadway improvements such as the Downtown Revitalization Project.

Highlights:

The second quarter percent of REET, may be spent similarly to the first quarter percent of REET, except that planning and acquisition costs are not allowed. The City has historically used this revenue to fund pavement management expenses, which will continue. Funds are also used for debt service on the Downtown Revitalization project. Due to these future debt service requirements, expenses are being limited exclusively to this debt service, in addition to the pavement management program.

Highlights:

The money tracked in this fund was transferred from the two Real Estate Excise Tax Funds to act as a guarantee for the Downtown Revitalization Bonds the City sold to pay the costs of the infrastructure improvements in our downtown. Because REET can be a volatile revenue source, it was deemed prudent to have this fund in place to insure that adequate resources are available to make bond payments. Should the money in this fund no longer be needed, the money can only be used for the same types of allowable uses as the Real Estate Excise Taxes. Revenue that is earned in 2011 is repayment from an interfund loan to the Water/Sewer Fund.

Highlights:

2011 Budget includes a 14.5 % rate increase. This increase is do to the increasing "Capital Needs" of the Fund. For 2011, our rate study included Stormwater and it was suggested that rate increases continue thru 2015. Also suggested was a further discount to those properties that have received an industrial permit (NPDES) from the Department of Ecology. Council approved both suggested actions during 2010.

Total Expenditures				<u>301,000</u>

Highlights:

This fund is a reserve fund to provide unemployment compensation to City employees and from which reimbursements to the Washington State Department of Employment Security shall be made for these claims. There is a sufficient balance in this Fund for 2011 which allows the City to forego continued contributions until such a time that warrants the contributions to start again.
