

Washougal Towncenter Revitalization

The City of Washougal is continuing to refine the design for the **Washougal Towncenter Revitalization** project. The project will be implemented with a natural site character and will complement the existing structures to create a unified feel.

Project Components

Dog Park

Pocket Park with Splash Pad

Outdoor Community Space

Public Parking

Public Art

The design phase will continue through summer 2024, and we anticipate construction to begin in 2025. We are actively seeking community input on the design elements to ensure the project meets community needs!

Project Timeline

How to Stay Connected

Attend Our Open House
March 12th from 4 to 6 pm
Washougal Community Center
