

NOTICE

To ensure safe unobstructed travel paths for motorists and pedestrians, The City of Washougal Street Department encourages residents, businesses and home owners associations to trim trees in the ROW (right of way). These trimming specifications are provided to help citizens and contractors keep our trees healthy, safe and beautiful, and to preserve them for the next generation.

If you have any questions or comments,
call the Street / Storm Department @ (360) 835-2662
